## Executive Summary School Accountability Report Card, 2007-08

### Independence High (Continuation) School

Address: 525 Independence Dr. , Sutter Creek CA 95685

Phone: (209) 257-5100

Principal: Peggy Gardner

Grade Span: 9 - 12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2007-08 school year, except the School Finances and School Completion data that are reported for the 2006-07 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

### About This School

Independence is located in the Sierra foothills, an hour from Sacramento. Students attend our school when they lack credits, wish to graduate early, or become disenchanted with traditional public school. A student must be sixteen years of age to attend Independence High School. We try to provide seamless transitions through programs designed to support the success of students through:

The Achievement of high (State, District, and personal) standards

All stakeholders take pride in teaching and student learning and want the student to be in school.

Students and the community eagerly interact for mutual benefit.

Students have access to a variety of flexible programs to meet their changing needs.

## 2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

### I. Data and Access

#### DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### II. About This School

### **School Description and Mission Statement (School Year 2007-08)**

This section provides information about the school's goals and programs.

The mission of Independence High School is to provide each student with new opportunities and alternative ways to fulfill his or her unique potential. We strive to promote student success in a positive alternative environment that acknowledges and nurtures unique learning styles. The staff seeks to provide educational, social, and career development services to students based on state, district, and school site goals. We also endeavor to create a positive climate with an emphasis on enhancing academic achievement, self-esteem, physical well-being, personal goal setting, and interpersonal skills emphasizing respect for self and others.

### **Opportunities for Parental Involvement (School Year 2007-08)**

This section provides information about opportunities for parents to become involved with school activities.

Independence High is always looking for parents and community members to volunteer at our site. Because of the limited number of students, it is difficult to get parents involved in areas where they are needed. We have been somewhat successful in recruiting parent and community volunteers for our School Site Council (SSC). There are parent volunteer sign-up forms in the office during Back to School Night and Open House. We also ask for SSC volunteers in our mailings to parents at the beginning of each school year and in our mailings home in the spring for the following school year.

We had an incredible response from members of our community when we invited them to participate in our Career Weeks at school. These events have been very positive for our students and have helped them to make informed decisions about their futures.

In the spring we hold our Open House during the day and serve lunch. This event has been very successful. Students and their parents participate, and a huge proportion of our community visits. They tour our school, have lunch, talk to the teachers, and socialize with others attending the event.

In the fall we have Parent Awareness/Back to School Night. We invite parents to come to the school and learn about what their children will be doing over the course of the school year. On this occasion, we ask parents to help with field trips, district parent committees, and other activities that need parent involvement.

To volunteer at our school, contact the principal (209) 257-5100.

### Student Enrollment by Grade Level (School Year 2007-08)

### III. School Climate

#### School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Each September the staff reviews our School Safety Plan. It includes emergency numbers, a disaster preparedness plan, and instructions for evacuating the building. We have posted a map next to each door in every classroom that shows designated areas for evacuation.

#### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
Suspensions	77.9	41.6	38.0	17.2	17.6	11.4
Expulsions	0.0	2.6	1.3	0.5	0.9	0.3

### IV. School Facilities

#### Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

## V. Teachers

### Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the [DataQuest](#) Web site.

Teachers	School			District
	2005-06	2006-07	2007-08	2007-08
With Full Credential	4	5	4	201
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence	0	0	0	N/A

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2006-07	2007-08	2008-09
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2006-07)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the

[NCLB](#) Web site.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers

## VI. Support Staff

### Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0.8	105
Library Media Teacher (Librarian)		N/A
Library Media Services Staff (paraprofessional)		N/A

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the [Current Expense of Education](#) Web page and teacher salaries can be found on the [Certificated Salaries and Benefites](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$ 6,170	\$6,597	\$87	\$71,594
District	N/A	N/A	\$5,917	\$57603
Percent Difference – School Site and District	N/A	N/A	98.53%	19.54%
State	N/A	N/A	\$5300	\$59271
Percent Difference – School Site and State	N/A	N/A	98.36%	17.21%

### Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

The state of California is the primary source of funding for the Amador County Unified Schools. The district receives general funds for basic operation based on average daily attendance figures. All student absences, regardless of the reason, result in lost funding to the district and, therefore, to the individual school site. Excessive absences can seriously affect school site budgets. General fund expenditure include salaries, benefits, books, supplies, equipment purchases, maintenance and repair of facilities and equipment, transportation costs, and utilities. The principal and school staff decides on how best to use a portion of the general fund money for site-specific purposes. State and federal programs sometimes designate certain funds for specific purposes.

## Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the [Certificated Salaries and Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$38285	\$37916
Mid-Range Teacher Salary	\$55175	\$58151
Highest Teacher Salary	\$72681	\$75396
Average Principal Salary (Elementary)	\$79006	\$91086
Average Principal Salary (Middle)	\$81411	\$95220
Average Principal Salary (High)	\$88920	\$101661
Superintendent Salary	\$128085	\$136091
Percent of Budget for Teacher Salaries	39.3 %	38.5 %
Percent of Budget for Administrative Salaries	5.6 %	5.8 %

## IX. Student Performance

### California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

### CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

History-Social Science	3	0	20	34	33	43	33	33	36

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## CST Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the [CAHSEE](#) Web site.

### CAHSEE Results by Performance Level for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level in English-Language Arts and mathematics.

Mathematics	*	*	*	49.8	53.8	55.8	46.8	49.9	51.3

*Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

### CAHSEE Results by Performance Level for Student Groups – Most Recent Year

This table displays the percent of students, by group, achieving at each performance level in English language-arts and mathematics for the most recent testing period.

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

### API Ranks – Three-Year Comparison

This table displays the school’s statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide		B	B
Similar Schools		B	B

"N/A" means a number is not applicable or not available due to missing data.

"\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 0330019

"C" means the school had significant demographic changes and will not have any growth or target information.

- "D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

## API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	B	9	-14	587
African American				
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino				
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged				
English Learners				
Students with Disabilities				

- "N/A" means a number is not applicable or not available due to missing data.
- "\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
- "A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.
- "B" means the school did not have a valid 2007 Base API and will not have any growth or target information.
- "C" means the school had significant demographic changes and will not have any growth or target information.
- "D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
- "E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

## Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics

Percent proficient on the state's standards-based assessments in ELA and mathematics

API as an additional indicator

Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

### AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	No	Yes

### Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

## XI. School Completion and Postsecondary Preparation

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](#) Web site.

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](#) Web site.

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the [DataQuest](#) Web site.

Indicator	School			District			State

## Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the [CAHSEE](#) Web page. Note: "N/A" means that the student group is not numerically significant.

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

2007-2008	20 days
2006-2007	12 days
2005-2006	7 days

In order to build our learning environment, we continue to expand our knowledge and use of technology. Independence High School annually has three days funded by the state for staff training in curriculum and instructional strategies. The school and district provide funds for attendance at conferences. The curriculum office provides additional in-service opportunities. We receive teaching assistance through the district's PAR program. Our teachers also attend grade-level meetings to talk and plan together.
