4.0 **New SELPA Update and Introduction**

New SELPA/Special Education Director Terry Crumpacker introduced herself and shared that with schools opening AB 130 discontinued distance learning. We may see it if schools had to close for more than 10 days. All students could go on independent study but Special Education goes by a student's IEP. We don't have the resources for distance learning with everyone back in person. Independent study is self paced. Terry is exploring options for Special Education as a comparable distance learning program doesn't exist and is working hard to recruit teachers to provide services.
