Dear Alice,

Thank you for the generous donation of \$200 from the California Native Plant Society, El Dorado Chapter. We are excited to be using the money to buy native plants and materials for our school. The students have been learning all about native plants and wildlife habitat and how they are intertwined. We already have a varied population of bird species here that will benefit from new native plants as cover, shelter and seeds.

We look forward to continuing to expand our student's education and experiences with native plants.

Yours Sincerely,

Shenandoah Valley Staff
