

Free COVID-19 Testing for Students and Staff

Providing easy access to testing is another key mitigation strategy to help prevent the spread of COVID-19 in schools, and we are pleased to offer the opportunities below free of charge. Each school will be set up to do their own COVID testing (or be in the process to get set up) beginning the week of August 30, 2021 and will communicate a testing schedule to their families soon after.

Please note: You will not register for an appointment time. You will enter all of your information and then simply show up at the school at the day and time specified by the school. You only need to complete the registration one time. After the initial registration, you can show up and get tested at any time during the school year.

Participants may register by using the link OR by scanning the QR code below the link.

OR

In addition to the testing opportunities above, Amador County Public Health has contracted with OptumServe to provide free COVID-19 testing from **7:00 AM to 7:00 PM on Mondays, Wednesdays, and Saturdays** at the Health and Human Services building at 10877 Conductor Blvd in Sutter Creek. Appointment registration is recommended, as those pre-registered are prioritized. Online registration may be accessed at <https://lhi.care/covidtesting>. Those without internet access may register by calling 1-888-634-1123. Drop-in testing is also available.
