School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

Ione Junior High School, a sixth, seventh and eighth-grade middle school, is dedicated to preparing all students to be lifelong learners and responsible citizens. We have a population of more than 350 students and offer classes for a variety of special needs students.

Our curriculum has a strong academic focus. We respect individual differences, and we believe in unlocking and supporting the strength of each student. To complement our academic emphasis, we believe that all students benefit from a rich variety of experiences. Our school boasts an alternative academic setting for students requiring extra help before transferring to high school. A limited after-school athletic program is offered for girls and boys.

School and staff members always welcome parent and community involvement. We encourage you to join our Colt Booster Club, School Site Council (SSC) and Promotion Ceremony Committee.

Our staff is currently collaborating in Professional Learning Communities to develop strategies for student success, both academically and socially. Our school and district culture embodies the philosophy of professional development to assist our students to become life-long learners. Ione Jr. High School has formed a site-based instructional leadership team to help guide and establish protocols to assist staff members in developing goals and plans for successful instruction.

School Facility Conditions and Planned Improvements

Ione Junior High School's buildings and 36 classrooms are cleaned and maintained on a regular basis by the school's custodians and the district maintenance department. The custodians and Principal walk through the restrooms during the day to assure that they are sanitary and in proper working condition. The principal walks the site daily to look for hazards and, if found, they are addressed immediately.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	40.0%	42.0%	46.0%	45.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	22.0%	14.0%	32.0%	29.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

School Safety Plan (School Year 2018—19)

Ione Junior High strives to maintain a safe, healthy and orderly campus that encourages positive attitudes in students and staff. Safety hazards are reported by all staff. The district maintenance department utilizes a computer maintenance tracker. This allows our site to report any hazards in a very timely manner. We conduct fire, earthquake and lockdown drills each month. The drills are discussed and procedures reviewed and changed as necessary. New radios were purchased for better campus communication during all drills and for daily use.

We have developed emergency plans to deal with threatening situations. All staff members are part of the School Crisis Team. There is ongoing coordination between the principal, campus supervisor, counselor, and other staff. All visitors and volunteers must sign in at the main office.

Our School Safety Plan is reviewed annually by our School Site Council and adopted by the school board

Professional Development

18/19: 4.5 days

17/18: 4.5 days

16/17: 4.5 days

In the 18/19 school year, we had a total of 4.5 days in the Amador County Schools calendar set aside for professional development and continuous professional growth. The areas of focus for these days were selected using student achievement data, teacher surveys needs to be determined by our Single Plans for Student Achievement, the new Common Core Standards, our instructional leadership team feedback, and implementation strategies thereof, as well as results from Response to Intervention classwork.

Professional development is delivered via site-based minimum day activities, after-school workshops, summer institutes, release days and conference attendance – along with individual teacher mentoring. Teachers are supported through these processes with in-class coaching, teacher/principal coaching, and discussions with a focus on our project-based minimum days. Our district has a current focus on math, NGSS, literacy, and using high-leverage strategies.
