Dr. Amy L. Slavensky, Superintendent of Schools

Spring 2019

Dear Parents, Guardians, Students, Colleagues & Community Partners,

Spring is in the air and we are grateful. There is so much to be grateful for, such as friends and family who have our back, community members who generously support our schools and students, colleagues who are supportive and hard-working, teachers and staff who care deeply about our students, and leaders who lead with a servant's heart. For all of you, I am grateful.

As we move into the busy spring months, this is a time when we will be looking to all of our stakeholders for continued feedback and support in the Local Control Accountability Plan (LCAP) planning process. During the months of January and February, we held LCAP stakeholder engagement meetings at all of the schools and in each of the five major communities in the county. All of the information from those meetings and the LCAP survey is posted on our webpage at <https://www.amadorcoe.org/departments/educational-services/local-control-accountability-plan-lcap/>. The survey will be open until March 11<sup>th</sup>. I urge everyone to review the data and give input into this important planning process by taking the survey. Thank you in advance!

Spring is also a busy time with many school activities and planning for the next school year, all at the same time! I invite you to be a part of it by attending school activities, going to School Site Council and PTA/O meetings, and volunteering at your child's school. Don't forget to check us out on Facebook, too!

Sincerely,

Amy L. Slavensky, Ph.D., Superintendent  
Amador County Unified School District
